

## Operational Excellence: Achieve Maximum Enterprise Value for Powerful, Sustainable Growth

### Know Your Value

The strength and durability of your company's 18 Value Drivers measure Operational Excellence and are used to calculate your Enterprise Value in dollars.

### Actionable Improvements

Tasks are stored in your workbook so you know exactly what to do next. Know in advance how much each task will increase your Enterprise Value.

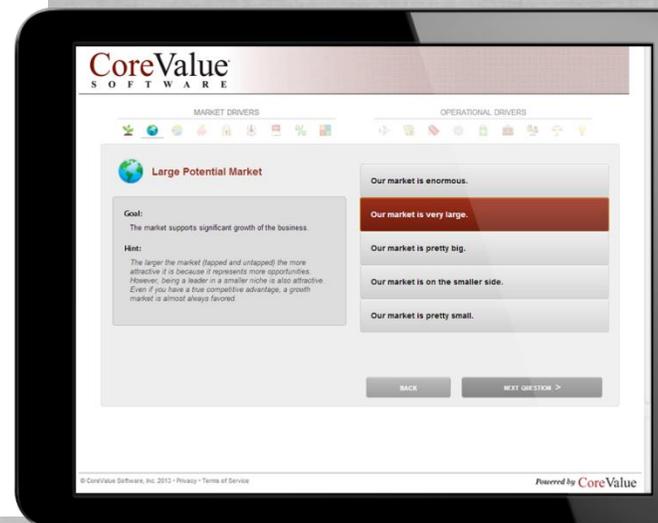

### Watch Your Value Grow

Your company's value will increase with each task you complete. This rewarding process puts you in control of the ultimate value of your company.

### Did you know?

CoreValue's algorithms are based on experience growing thousands of companies over 30 years and in partnership with research teams at MIT.

Plan & Track

## Step 1: Evaluate the 18 Value Drivers of Operational Excellence with CoreValue Engage®

### The 18 Value Drivers

These value drivers are the gears of your businesses. Measure Growth, Brand, Marketing, Senior Leadership, Innovation, and more.

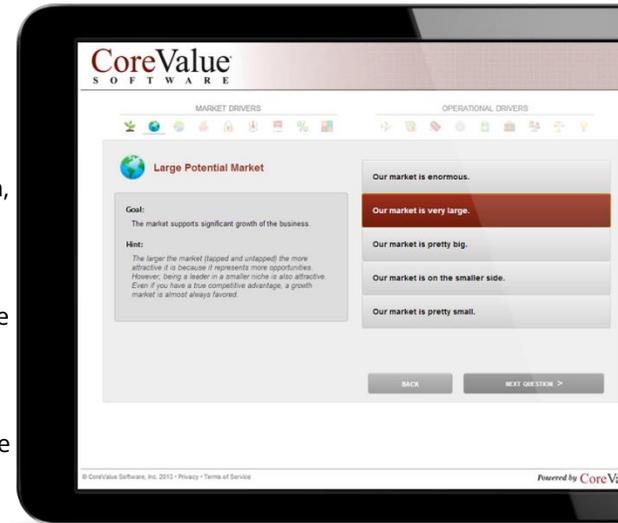

### 15 Minute Evaluation

This quick survey asks one question from each Value Driver to measure strength and durability.

### See Immediate Results

Gain instant insight into your Operational Strength and Value Gap. See the top 5 underperforming Value Drivers creating your Value Gap.

## Step 2: Identify which improvements will build your Enterprise Value with CoreValue Assess®

### 90 Minute Assessment

Diving deeper into the 18 Value Drivers allows you to collect more detailed data on the performance of each driver.

### A Deeper Understanding

See your business visually from a level of clarity that is difficult to achieve when immersed in day-to-day operations.

### Prioritize Your Efforts

Your time is an investment that is valuable and limited. Make sure you spend it on the areas that will provide the greatest return.

## Step 3: Actions to turn your time investment into real dollars with CoreValue Plan & Track®

### Strategy to Build Value

Plan & Track create the strategic roadmap to let you work together with us and achieve the goals we've set for your company.

### Actionable Improvements

Tasks are stored in your workbook so you know exactly what to do next, and how much each task will increase your Enterprise Value.

### Watch Your Value Grow

Your Enterprise Value will increase with each task you complete. This rewarding process puts you in control of the ultimate value of your company.
